

Anyone and everyone, feel free to call a net that has not been called by a few minutes after it's normal start time.

NET CALL

Calling the Seacoast Emergency Net Calling the Seacoast Emergency Net

This is <your call> net control for this evening.

This is a regular session of the Seacoast ARES net which meets each Thursday at 9:00pm.

This net meets on the Portsmouth Repeater 146.805 each Thursday except the first Thursday of the month when we meet on the alternate Frequency of 147.57 simplex.

The purpose of this net is to increase awareness and emergency preparedness of the Seacoast area Amateur Radio Emergency Service. All amateurs with an interest in public service and emergency communications are welcome and encouraged to participate.

Primarily not a traffic net this net will handle traffic into and out of the Seacoast area providing training in message handling while increasing our emergency preparedness.

Calling the Seacoast Emergency Net

Calling the Seacoast Emergency Net

any stations with traffic and with traffic only go now (if none say) "nothing heard".

When checking in please state, "this is", then drop the carrier, then key up again and state your call sign, name and location, and state no comment if you have none.

Please use the best receiver input for check in. The Kensington PL is 127.3, although no tone is necessary for the main site in Kensington at this time, Portsmouth with a PL of 110.9, and Durham with a PL of 88.5 Hz.

Any mobile or portable stations?
